

## Spring Clean 2017

This year's National Spring Clean was another great success and we'd like to say a HUGE thank you to you all!

We cleaned up the Renmore pitches, Renmore Avenue and the school grounds. We filled 8 and a half bags this year but way back in the year 2000 we filled 29 bags! So it looks like our message is spreading and people are dropping less litter! *Yipee!*

**The most unusual item this year was found by room 11. An emergency beacon!**

We found many other unusual items and here are some: a car hub cap, a beer bottle, a bit of a tyre, a sock, a dog lead, a Dunnes voucher, a metal wire, an old rusty metal pole, a flower pot, a picture, a bag of dog poo, oil for cars, underwear, a Darth Vader bottle, a golf ball, a prescription, a sun glasses lens and a screwdriver! Some very *strange* items this year!!

We would like to thank you for helping us clean up Renmore and we **HOPE** you enjoyed yourselves too!

**Go raibh míle maith agaibh!**

*By Ciara, Emily and Jay*
