

## Spring Clean 2005

Today, Monday the 9<sup>th</sup> May 2005, we did our annual National Spring Clean.

We picked up litter around the Renmore pitches and Renmore Avenue.

We found lots of **disgusting** rubbish including full cans, empty bottles, board, a ball, a blade, a sock and even a pair of scissors!

We noticed that there was a lot **less** litter than last year, which is good.

Maybe people are learning!

Altogether we collected only 5 bags of litter, compared to 14 bags last year!

Well done everyone!

**Report by fifth class, room 7**
