

## Spring Clean 2010

Yesterday, Thursday 29<sup>th</sup> April 2010, we did our annual National Spring Clean, and the weather was windy but the sun was shining.

We cleaned up the Renmore pitches and the school grounds. We all did our part and had a lot of fun!

The most unusual item found was a **RADIATOR!**

We found many other unusual items and here are some: a belt, a spoon, a barrel, a bin lid, a broken heart, a sock, a dog name tag, a hurl, a pair of ripped jeans, a bicycle lock and a paint bucket! Very unusual items **THIS YEAR!!!!!!!!!!!!**

We would like to thank you for helping us clean up Renmore and we **HOPE** you had a **GREAT** day, too!
