

## Spring Clean 2015 (Wednesday 15<sup>th</sup> April)

This year's National Spring Clean was another great success and we'd like to say a HUGE thank you to all who got involved!

We cleaned up the Renmore pitches, Renmore Avenue and the school grounds. We filled 7 bags this year but way back in the year 2000 we filled 29 bags! So it looks like our message is spreading and people are dropping less litter! Yipee!

**The most unusual items found this year were a shoe and a metal wheel!**

We found many other unusual items and here are some: a metal wheel, a pully, a tablespoon a tennis ball, a mobile phone cover, a teabag, a rusty metal spring half a metre long, a doll's teaspoon, a sliotar, a jewellery box, a DVD case, an umbrella handle, a pink hanger, a sock, a piece of pipe, a slushy wrapper, a cigarette butt, a glove, a cone for training, dog food bags, a CD case, a plastic tile and a shoe!

Some very *strange* items this year!!

We would like to thank everyone for helping us clean up Renmore!
