Spring Clean 2016 (Thursday 21st April)

This year's National Spring Clean was another great success and we'd like to say a HUGE thank you to all who got involved!

We cleaned up the Renmore pitches, Renmore Avenue and the school grounds. We filled 12 bags this year but way back in the year 2000 we filled 29 bags! So it looks like our message is spreading and people are dropping less litter! Yipee! The most unusual items found this year were a boxing glove and a credit card!

We found many other unusual items and here are some: a tennis ball, baby wipes, bits of metal, a big battery, a traffic cone, an umbrella, some odd socks, a plastic knife and fork, a gum shield, toy glasses, a mop head, a hanger, football gloves, a Kings Head t-shirt and a mirror stand! Some very *strange* items this year!! We would like to thank everyone for helping us clean up Renmore!
